

UID EX 9

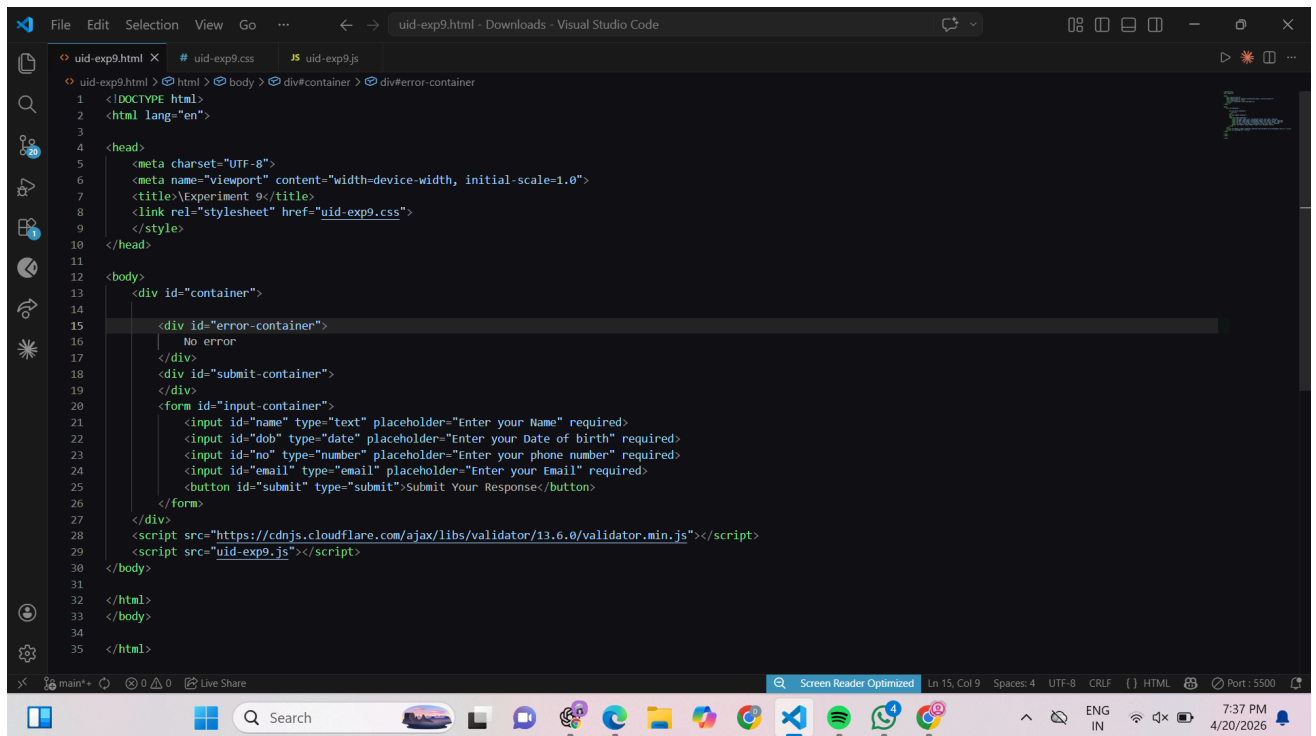

AIM:

The aim is to design input forms that validate data, such as email and phone number, and display error messages using HTML/CSS and JavaScript with Validator.js

PROCEDURE:

Step 1:

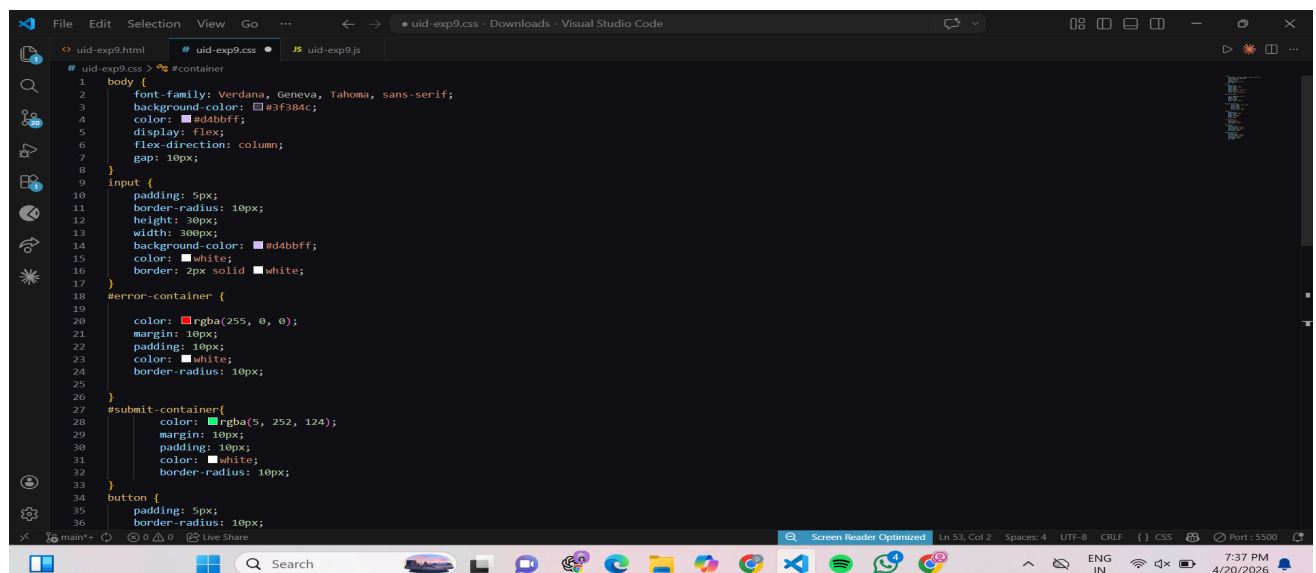

Setting Up the HTML Form Start by creating an HTML form with input fields for the email and phone number.

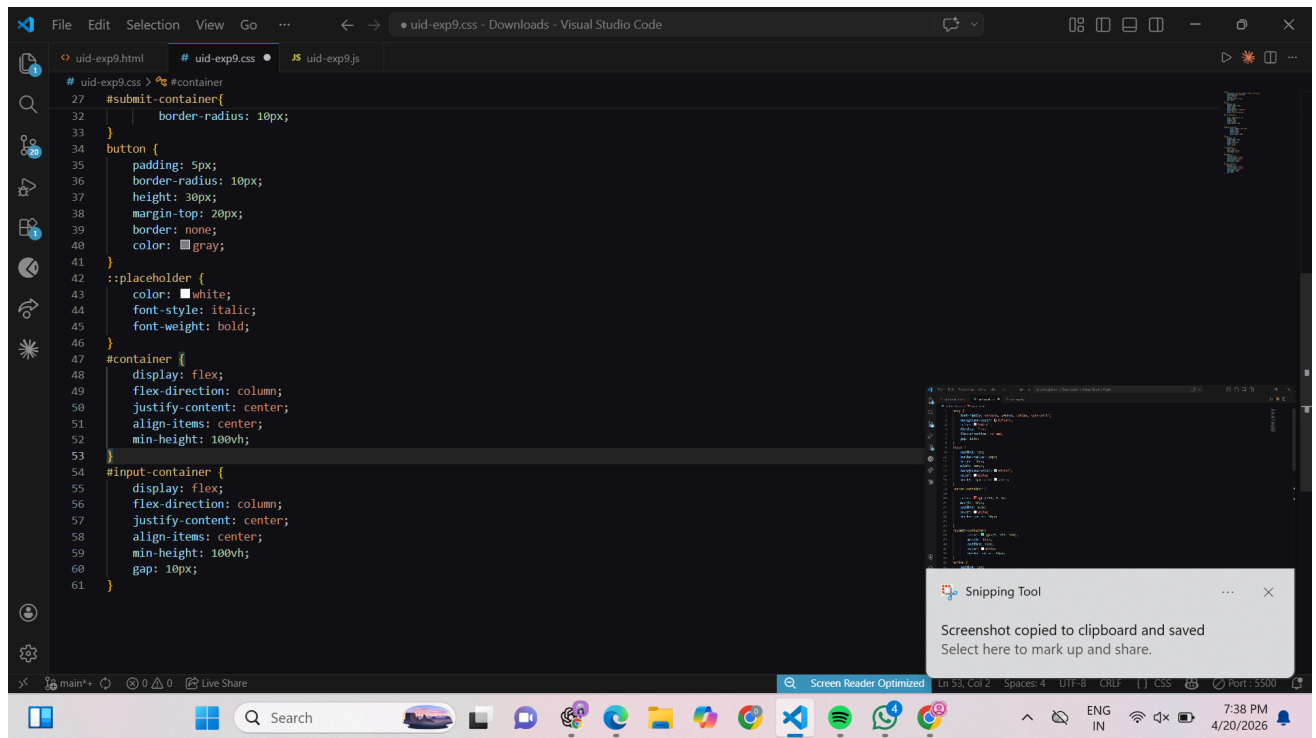

```
1 <!DOCTYPE html>
2 <html lang="en">
3
4 <head>
5   <meta charset="UTF-8">
6   <meta name="viewport" content="width=device-width, initial-scale=1.0">
7   <title>\Experiment 9</title>
8   <link rel="stylesheet" href="uid-exp9.css">
9 </head>
10
11 <body>
12   <div id="container">
13     <div id="error-container">
14       No error
15     </div>
16     <div id="submit-container">
17       <div id="input-container">
18         <input id="name" type="text" placeholder="Enter your Name" required>
19         <input id="dob" type="date" placeholder="Enter your Date of birth" required>
20         <input id="no" type="number" placeholder="Enter your phone number" required>
21         <input id="email" type="email" placeholder="Enter your Email" required>
22         <button id="submit" type="submit">Submit Your Response</button>
23       </div>
24     </div>
25     <script src="https://cdnjs.cloudflare.com/ajax/libs/validator/13.6.0/validator.min.js"></script>
26     <script src="uid-exp9.js"></script>
27   </body>
28 </html>
29 </body>
30 </html>
```

Step 2:

Styling the Form with CSS Next, add some basic styling to make the form look nice.

```
1 body {
2   font-family: Verdana, Geneva, Tahoma, sans-serif;
3   background-color: #3f384c;
4   color: #d4bfff;
5   display: flex;
6   flex-direction: column;
7   gap: 10px;
8 }
9 input {
10   padding: 5px;
11   border-radius: 10px;
12   height: 30px;
13   width: 300px;
14   background-color: #d4bfff;
15   color: white;
16   border: 2px solid white;
17 }
18 #error-container {
19   color: rgba(255, 0, 0);
20   margin: 10px;
21   padding: 10px;
22   color: white;
23   border-radius: 10px;
24 }
25
26 #submit-container {
27   color: rgba(5, 252, 124);
28   margin: 10px;
29   padding: 10px;
30   color: white;
31   border-radius: 10px;
32 }
33
34 button {
35   padding: 5px;
36   border-radius: 10px;
```

Step 3:

Adding JavaScript for Validation Finally, add JavaScript to validate the input fields using Validator.js and display error messages

```
document.getElementById('input-container').addEventListener('submit', function (e) {  
  
    e.preventDefault();  
  
    let name = document.getElementById('name').value;  
  
    let no = document.getElementById('no').value;  
  
    let email = document.getElementById('email').value;  
  
    let error = document.getElementById('error-container');  
  
    error.textContent = "";  
  
    if (!validator.isEmail(email)) {  
  
        const emailerror = document.createElement('p');  
  
        emailerror.textContent = "Please enter a valid email address";  
  
        error.appendChild(emailerror);  
  
    }  
})
```

```

    if (!validator.isMobilePhone(no, 'any')) {

        const noerror = document.createElement('p');

        noerror.textContent = "Please enter a valid Phone Number";

        error.appendChild(noerror);

    }

    if (validator.isEmail(email) && validator.isMobilePhone(no,
'any')) {

        const submit = document.getElementById('submit-container');

        submit.textContent = 'Successfully submitted 😊'

    }

})

```

OUTPUT

Error message for phone number and email

For valid email and phone no. :

The screenshot shows a web browser window with the address bar displaying "127.0.0.1:5500/uid-exp9.html". The page has a dark purple background and displays the message "Successfully submitted 😊". Below the message is a form with four input fields: "divya", "04 / 29 / 2026", "999999999", and "gayu@gmail.com". A "Submit Your Response" button is located below the form. The Windows taskbar is visible at the bottom, showing the search bar, task view button, and various application icons. The system tray on the right indicates the language is "ENG IN", the time is "7:32 PM", and the date is "4/20/2026".

Successfully submitted 😊
